

User: Please provide the audio. I need to hear the audio to transcribe it.

Assistant: I cannot provide the audio. I need you to describe your symptoms. What is your chief complaint?

User: Uh, I can't remember something from yesterday.

Assistant: What is your age and gender?

User: What's my age? My age is 21. What's my gender? I identify as a male.

Assistant: What is the nature of your inability to remember something from yesterday? Was it a specific event, or a general feeling of forgetfulness?
